

2011 Copperfield Crocs Swim Team Information

The 2011 swim season is rapidly approaching. 2010 was a very successful season with the Crocs winning the MOWSC championship for an unprecedented 4th year in a row! We have a great staff and many very talented swimmers returning this year, so we look forward to another competitive season. But regardless of a swimmer's ability level, CROCS swimming offers a great experience that emphasizes good sportsmanship and excellent instruction generally resulting in significant individual improvement, and lots of fun, fun, fun (both in & out of the pool)!!

There will be much more information to share throughout the season, but here is the information that is confirmed so far. The dual meet season begins on June 8th and Conference weekend will be July 9th and 10th. The complete schedule and other important dates will be posted on the neighborhood website.

Swimmer registration will take place at the Copperfield Clubhouse on:

Tuesday April 12th	9:00 am - 12:00 noon
Saturday April 16th	5:00 pm – 8:00 pm

Swimmer registration packets must be received no later than 5/27/11 in order to be assured of getting a team t-shirt! You may sign up after this date, but may not be able to get a shirt. Registration forms and other important parent / swimmer information will be available on the CNA website.

For the past few years, swimmer fees have remained the same. However, this year due to necessary pool repairs, we are slightly increasing the registration fee for both pool and non-pool members. However, the team suits are the same as last year. If you don't have a suit from last season you may purchase a new one from Pannell's Swim Shop on Tiverton Way. Cost is in the \$40 to \$56 range. Tell them you are with Copperfield swimming and they will have the info on our suits.

We need sponsors! Because of our efforts to keep your expenses down, we need corporate sponsors more than ever. This year we are offering a new

level of corporate sponsorship on a limited basis. All the pertinent information is listed in the registration packet, so please take a look at it and **help us help you** if at all possible .

Please share this information with your friends, neighbors or any other “newcomers” that you think may be interested. Also, if you are receiving swim team information, but are no longer participating please let us know and we will do our best to remove you from our distribution lists.

Watch the CNA website for other Crocs Information.

Thanks & hope to see you soon!
